

**ACD INC. has concluded strategic partnership agreement with Alchemy Global Payment Solution Limited and QFPay International Limited and will realize the ACD Coin Crypto Payment globally including Asian regions.**

ACD INC. (hereinafter “ACD”) in which ANA Holding Co. Ltd. invested has concluded strategic partnership agreement with Alchemy Global Payment Solutions Limited (hereinafter “Alchemy”) as the pioneer which is promoting business in the field of hybrid settlement solution by legal currency and crypto currency and QFPay International Limited (hereinafter “QFPay”), as major global settlement service provider who has the network in 13 countries including East Asia and Middle East.

Through the agreement this time, ACD will have strategic system linkage with hybrid crypto-asset settlement and legal currency payment solution (Hybrid Payment Solution) co-developed by Alchemy and QFPay for the first time in Asia. ACD together with Alchemy has been working on development to implement ACD Coins on Hybrid Payment Solution, which has enabled EC Platform and Off-Line Merchant owned by ACD to utilize Alipay, WeChat Pay and Rakuten Pay implemented on hybrid payment solution and accept payment from general crypto-asset such as ADC Coins, Bitcoin, Ethereum and Bitcoin Cash.

We believe that the agreement at this time shall contribute to furtherance of ACD Project to a large extent in addition to the linkage with QFPay Japan under QFPay which ACD has already announced

## <Summary of Partnership Agreement>

- This partnership shall provide ACD with hybrid settlement solution in priority and enables ACD to accept legal currency and crypto-asset settlement on cross-border e-commerce and on-line/off-line merchant.
- Alchemy and QFPay shall realize ACD Coin settlement on POS network for member stores including high brand retail stores in Japan and Asia.
- ACD and Alchemy shall work on this project eyeing the possibility of capital alliance.
